Re: Security Services at Cedar Chemical, State Contract #4600003286

Dear Mr. Broadway:

The Arkansas Department of Environmental Quality-Hazardous Waste Division (ADEQ) visited the Cedar Chemical (Cedar) site in West Helena on April 10, 2007. ADEQ personnel were onsite for approximately an hour and a half during the middle of the day. While ADEQ was at Cedar, there was no guard onsite.

Although this may have been a one-time incident, ADEQ wanted to bring this to your attention and make sure there are procedures in place for unforeseen circumstances when a guard needs to leave the site either temporarily or for an extended period of time. It is ADEQ's position that the guard on duty for the day should have called in a replacement and not left the site until he was relieved, except under emergency circumstances. Please advise ADEQ on the procedures Broadway Protection has in place, or is putting in place, to ensure Cedar is manned 24 hours a day and seven days a week.

If you have any questions about this request, please contact me at 501-682-0831.

Sincerely,

Ryan Benefield
Chief
